

# *NACRE PEARLS*

■ Nacre Pearls are a superb imitation of natural or cultivated pearls. They have a crystal ball core which has several coats of nacre applied, using a technology that is very similar to the natural production of pearls. In accord with the highest standards of quality and ecological demands our Nacre Pearls are lead-free (lead content < 0.009 %) and meet the CPSIA (Consumer Product Safety Improvement Act), as well as other world standards. They are also highly resistant to abrasion, UV radiation, and to alcohol-based perfumes. Our pearls are available loose or in strands.
