CREATE YOUR MOMENT

The trend in SS 2017 to capitalize on our desire to disengage from our hectic lives (at least from time to time!) comes as no surprise. Finding peace and stillness, whether it is in ethnic roots or the quiet solitude of nature is a growing reaction to our pervasively fast-paced, high-tech world. And, from what we have seen on the runways this season, this desire is weaving its way into high fashion as well, through tropical influences, ethnic styles and cultures.

Let the following latest inspirations help you create your own luscious hidden gems, carefree freshness or fiery explosions.
Let them create your distinct and inimitable moment!
